

Wall Box Depth- 35-47mm

Button Switch and Dimmer Controls for use inside bathrooms

The Wafer SELVA switch system is 12 volts @ the switch.

Safe to use inside the Bathroom in Zone 2, and everywhere else inside the house
The same Wafer switch can operate a Switch Pack or Dimmer Pack

Bathroom Fan

This can be operated from the same switch either on/off, or dimming lights
Please see the wiring diagram

Mirror Demistor Heat Pad

Same as above, no need for a separate switch

If you have any questions regarding switching or Dimming for LED or Flourescent please contact us @ sales@altima.co.uk

Cabling: From the SELVA Pack to the Wafer switches, you can use either 0.5 flexible or Cat 5

Location: The SELVA can be located up to 50 metres away in a ventilated cupboard

Support: sales@altima.co.uk
