

LV Curved Track

Single Curved Track 12v 300VA

Formed in sections of track which can be joined to make arcs, 'S' shapes, semi circles etc, offering the lighting designer many opportunities to create interesting schemes.

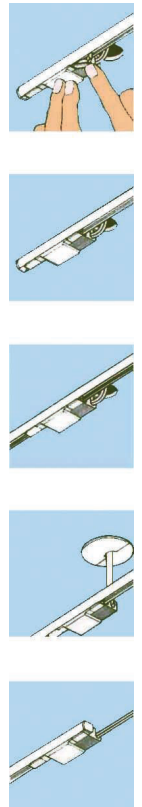

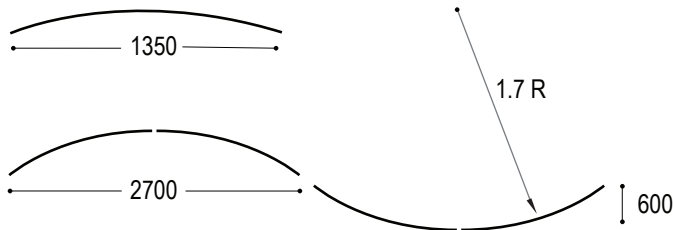

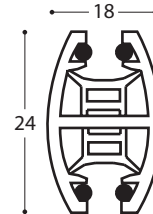

- LV.TCS.2010.12 Chrome
- LV.TCS.2010.18 Satin Silver
- LV.TCS.2010.50 Black
- LV.TCS.2010.57 White

Double Curved Track 12v 300VA

Offers additional benefits of both down and uplighting from a double-sided track. Two powerfeeds are required.

- LV.TCD.2010.18 Satin Silver
- LV.TCD.2010.50 Black
- LV.TCD.2010.57 White

Track can be joined by inserting track connectors.
For information on 300va Electronic Transformers EMC compliant for 3m track see page 2J.
