

New State 300

New State 300 300w 12v DC 240v

The New State is a sophisticated soft start electronic transformer. 12v DC output allows it to be used with a combined length of connection cable and track of upto 12m. Most other systems are limited by EMC regulation to 2m.

Suitable for use with Altima electronic dimmers. For trailing edge systems only.

Remote Transformer (without power feed)

13.3002.57	12v	White
13.3004.57	24v	White

Technical Data

Input	240v
Power	300w
Features	soft start - prolongs lamp life
Dimming	trailing edge
Cutout	107mm
Safety	EN 60742
	short circuit protection
	thermal overload protection
	max ambient temperature 45°C
	max housing temperature 80°C
Terminals	with powerfeed for direct connection to track or once set of 12v terminals (remote version)
Approvals	
Regulation	EMC up to 12m length
