

New State Round 300

New State Round 300 VA 240v 300w 12v DC

The New State Round is a sophisticated soft start electronic transformer. 12v DC output allows it to be used with a combined length of connection cable and track of upto 12m. Most other systems are limited by EMC regulation to 2m.

Suitable for use with Altima electronic dimmers. For leading edge systems only.

Remote Transformer (without powerfeed)

- 13.3003.18 Satin Silver
- 13.3003.57 White

Technical Data

Input	240v
Output	minimum load 100w - max 300w 12v DC
Features	soft start - prolongs lamp life
Dimming	leading edge
Cutout	103mm
Safety	EMC compliant up to 12m as per EN 55 D/T
	EN 61046
	short circuit protection
	thermal overload protection
	max ambient temperature 45°C
	max housing temperature 80°C
Terminals	screw terminals at each end
Approvals
