

**CirKular Pendant**

4 x TLC 36w

The CirKular is a pendant fitting providing soft local downlight with powerful uplighting giving very high efficiency.

A dimmable version is available.

Four PL-L 36 watt compact fluorescent lamps are used with high frequency flicker free electronic control gear. This combination gives very good energy efficiency and colour rendering quality.

An emergency lighting option is available with a power supply to maintain 25% light output for three hours.

The standard suspension allows for between 0.4 and 1.0 metres drop. Longer cable sets are available upon request.

16.K200.57    4 x TLC 36w    White

**Dimmable**

16.K201.57    4 x TLC 36w    White

The dimmer is integrated within the fitting, so simply requires a push switch to operate or a wireless remote control. See our Wafer Switches range in section 9.

**Emergency 3 hour Maintained**

16.K20E.57    4 x TLC 36w    White

All equipped with HF Ballast.
