Technical Data

Material	plastic
Cutout	85 mm
Mounting	see instruction sheet

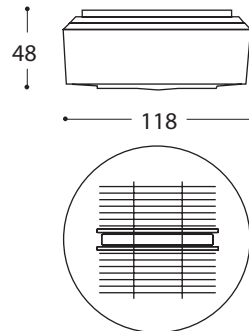

Transformer Lightpoint 50w 12v 240v

Allows installation of individual low voltage spotlight and pendant fittings without the need for track. Can be surface-mounted to either walls or ceilings.

Includes integral 50VA electronic transformer with protective device which will automatically switch off the supply in case of overload or short circuit.

For use with leading or trailing edge dimmers.

Technical Data

Input	240v
Output	50w
Features	surface mounted
Safety	short circuit protection
	safety overload protection
	no load protection
	max ambient temperature 50°C
	max housing temperature 75°C
Terminals	screw
Approvals	CE
